Hi Robert,

I hope you're doing great. Wanted to follow-up on my email about the lights on Magnolia Blvd. (South - side) between Cahuenga and Lankeshim blvd. The lights are still out and the businesses are concerned for their customers and residents who walk in the area at night. Please let me know what the status is as soon as possible.

Thank you, and please let me know how I can help!

Sahag

Hi Sahag,

The lights will be checked and repaired early next week.

Thanks,
Robert

Hi Robert,

I hope you're doing great. One of your colleagues pointed me in your direction. Business owners on Magnolia Blvd Between Vineland Ave and Lankershim, in North Hollywood mentioned that the lights on the south side of Magnolia blvd. are off. Would you happen to know what the status is and what's going? Please let me know!

Thank you!

Hello Shaag,

We recommend contacting Robert Tom, Street Lighting Engineer Associate II, as he is the Project Manager in our Infrastructure Improvement Division for the ongoing Conversion Project in this area/neighborhood, and he may be better able to answer your question(s) regarding the street lighting for or around the project area, project boundaries and scope, private contractor information and responsibilities, new street lighting equipment or DWP overhead (wood pole) or underground (vault) service point locations/issues, etc. He can be contacted at Robert.Tom@lacity.org or by telephone at [213-847-1811](tel:213-847-1811).

Thanks,

Jeffrey Ziliotto

Hi Jeff and Johnny,

I hope this email finds you both well. Wanted to see if you guys knew about street lights being out on Magnolia Blvd. Between Vineland Ave and Lankershim Blvd., North Hollywood, 91601 (South side)

I submitted a request via 311 (SR# 1-501279751), but also saw that some else had also submitted on.

Lights have been out for a bit now, would you guys happen to know what's going on?

Please let me know as soon as you can! Thank you!

Sahag
